FLEUR DES ALPES

Fleur des Alps celebrates the mystical scenery that lies within Switzerland. Featuring eight spectacular pieces, this series celebrates radiant gemstones with the daring and modern design of the alpine flower.

EMERALD-CUT

This collar necklace in yellow gold is set with 686 diamonds (total 56.45 ct), each of which was painstakingly set by hand to create the maximum sparkle. As its name suggests, the cut was initially created for emeralds, but became popular for diamonds back in the fourteenth century.

Its long facets and large table are a stunning window into its mesmerizing inner beauty.

CLOVER OF THE VALLEY

The four-leaf clover is a rare creation of nature where true beauty unfolds in the extraordinary and unique. This inspiration has birthed our Clover of the Valley range, exploring that magical whim of nature to tell a sensual story of luck, prosperity and passion.

ROUND

A round brilliant diamond is a true classic that is perfectly suited to any setting. This collar necklace in yellow gold is set with 686 diamonds (total 56.45 ct), each of which was painstakingly set by hand to create the maximum sparkle

PASTELLO SOIREE

2021 marks two decades of Pastello. Our new Pastello Soiree collection celebrates extraordinary pastel-colored natural spinels for a delicate and feminine look.

SOLEIL SUISSE

Soleil Suisse radiates like the bright and profound Swiss sun gazing down from the Alps. Featuring extraordinary yellow diamonds, this collection is unlike any other.

TRIANGULAR

This unique diamond set (this is the only set to be produced) features a uniquely modern design inspired by the triangle. Trilliant-cut diamonds – the name a portmanteau of triangular brilliant – are not very common, and truly a quite wonderful sight to behold. They have a striking geometric shape, with three equally straight or slightly curved sides, and a dazzling sparkle.

LADYBIRD

Ladybird sings an ode to the free spirit of joy and endless passion. Indulge in liberating beauty.

Lady Bird Stars of America is Bucherer's homage to this fascinating country. Symbolizing freedom and a desire to pursue dreams, the Stars of America have proudly made it to the USA in her trio of colors: Red, White and Blue.
